Memorandum

To: Bassett Creek Watershed Management Commission
From: Barr Engineering Company
Subject: Item 6A – Resource Management Plan Comments
Date: July 8, 2009
Project: 23/27 051 2009 003

6A. Resource Management Plan Comments

Recommended/requested Commission action:

1. Modify the Resource Management Plan to incorporate the Commission's comments and request that the Corps of Engineers issue the public notice for the Resource Management Plan.

Resource Management Plan Comments

The St Paul District Corps of Engineers has indicated that the draft Resource Management Plan that was submitted for their review is complete and that there are no changes or additions needed. The Corps of Engineers also indicated that they are ready to issue a notice that the Resource Management Plan is ready for public review. However, the Corps of Engineers is waiting for Commission authorization to put the Resource Management Plan on public notice and start the comment period.

The draft Resource Management Plan is available for Commission review on the Commission's web site at <http://www.bassettcreekwmo.org/Water%20Quality/Water%20Quality%20Main.htm>
