Sweeney Lake TMDL Update

In a June 16 email to the Commission and TAC, the Commission Recorder announced that the draft Sweeney Lake Total Phosphorus TMDL report is complete and ready for BCWMC review and comment. Before forwarding the report on to the MPCA, the Commission needs to discuss their comments on the report and request revisions based on those comments. The report is online on SEH's Sweeney project Web site at the following link: <http://www.sehinc.com/online/sweeney/docs.htm>
