

**COOPERATIVE AGREEMENT
FOR
BASSETT CREEK MAIN STEM RESTORATION**

This Agreement is made as of this 17th day of September, 2009, by and between the Bassett Creek Watershed Management Commission, a joint powers watershed management organization (hereinafter the "Commission"), and the City of Golden Valley, a Minnesota municipal corporation (hereinafter the "City").

WITNESSETH:

WHEREAS, the Commission adopted the Bassett Creek Watershed Management Commission Water Management Plan, July 2004 on September 16, 2004 (the "Plan"), a watershed management plan within the meaning of Minn. Stat. § 103B.231; and

WHEREAS, the Plan, as amended on July 16, 2009, includes a capital improvement program ("CIP") that lists a number of water quality project capital improvements; and

WHEREAS, the water quality projects identified in the CIP include a stream bank restoration project in the City of Golden Valley described as the Restoration of the Main Stem of Bassett Creek from the Crystal City Boundary to Regent Avenue in the City of Golden Valley, as more fully described in Attachment One to this Agreement, the feasibility report for the Project, which is made a part hereof (the "Project"); and

WHEREAS, the Plan specifies that projects in the CIP will be funded by a County tax levy under Minn. Stat. § 103B.251; and

WHEREAS, on September 17, 2009, the Commission adopted a resolution ordering the Project, directing that it be constructed by the City; and

WHEREAS, it is expected that Hennepin County will levy taxes throughout the watershed in 2009 and 2010 for the Project for collection and settlement in 2010 and 2011; and

WHEREAS, the City is willing to construct the Project on the terms and conditions hereinafter set forth.

NOW, THEREFORE, ON THE BASIS OF THE PREMISES AND MUTUAL COVENANTS HEREINAFTER SET FORTH, THE PARTIES AGREE AS FOLLOWS:

1. The Project will consist of the stream bank restoration improvements in the City of Golden Valley and the City of Crystal as more fully described in Attachment One.
2. The City will design the Project and prepare plans and specifications for construction of the Project. Plans and specifications, and any changes to such plans and specifications, are subject to approval by the Commission's consulting engineer.

3. The City will advertise for bids and award contracts in accordance with the requirements of law. The City will award the contract and supervise and administer the construction of the Project to assure that it is completed in accordance with plans and specifications. The City will require the contractor to provide all payment and performance bonds required by law. The City will require that the Commission be named as additional insured on all liability policies required by the City of the contractor. The City will require that the contractor defend, indemnify, protect and hold harmless the Commission and the City, their agents, officers, and employees, from all claims or actions arising from performance of the work of the Project conducted by the contractor. The City will supervise the work of the contractor. However, the Commission may observe and review the work of the Project until it is completed. The City will display a sign at the construction site stating "Paid for by the Taxpayers of the Bassett Creek Watershed".
4. The City will pay the contractor and all other expenses related to the construction of the Project and keep and maintain complete records of such costs incurred.
5. The Commission will reimburse Two Thousand Two Hundred Sixty-Two Dollars (\$2,262) of Project expenses from its Capital Improvement Program Closed Project Account. The Commission will use its best efforts to secure payment from the County in accordance with Minn. Stat. § 103B.251 in the amount of Thirty-Two Thousand Five Hundred Thirty-Eight Dollars (\$32,538) by tax levy in 2009 for collection in 2010 and in the amount of Six Hundred One Thousand Three Hundred Dollars (\$601,300) by tax levy in 2010 for collection in 2011.

Out-of-pocket costs related to the Project, incurred and paid by the Commission for publication of notices, securing County tax levy, preparation of contracts, review of proposed contract documents and administration of this contract shall be repaid from funds received in the tax settlement from Hennepin County. All funds in excess of such expenses are available for reimbursement to the City for costs incurred by the City in the design and construction of the Project. Reimbursement to the City will be made as soon as funds are available provided a request for payment has been received from the City providing such detailed information as may be requested by the Commission to substantiate costs and expenses.

6. Reimbursement to the City will not exceed the amount received from the County for the Project less any amounts retained by the Commission for Commission expenses. All costs of the Project incurred by the City in excess of such reimbursement shall be borne by the City or secured by the City from other sources.
7. All City books, records, documents, and accounting procedures related to the Project are subject to examination by the Commission.

8. The City will secure all necessary local, state, or federal permits required for the construction of the Project and will not proceed with the Project until any required environmental review is completed.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized officers on behalf of the parties as of the day and date first above written.
