**Re: Major Plan Amendment—Bassett Creek Watershed Management Commission's
September 2004 "Watershed Management Plan", Response to 60 Day Review
Comments**

Dear Mr. Wozney:

In response to the 60-day review comments in your July 26, 2010 letter we respectfully enclose the following;

- A detailed description of the Main Stem of Bassett Creek capital improvement project and the North Branch of Bassett Creek capital improvement project listing the design elements of each project.
- The revised copy of Table 12-2, Water Quality Management and Flood Control 10-Year Capital Improvements Program (CIP) with a footnote indicating that the construction of the North Branch Project is proposed to start construction in 2011.

Thank you for your review of this proposed amendment. We look forward to working with the BWSR staff to gain the BWSR Board's timely approval of this major plan amendment. After approval of the major plan amendment, but prior to ordering the channel restoration projects in the amendment, the BCWMC will hold another public hearing to receive comments on the proposed projects.

Please call either Charlie LeFevre, Esq., the BCWMC's legal representative, at (612) 337-9215, me, the BCWMC's engineer, at (952) 832-2781 if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "L. Kumer".

Engineer, Bassett Creek Watershed Management Commission
