## Facilitated Whole Group Discussion

Possible questions to discuss:

What can agree on? What is the common ground?

- Data and information presented?
- Change in recreation over time?
- Regulatory process?

What is your vision for the future of the lake?

What role can your organization play in this issue?

What is the next step?

- Appoint a smaller committee to work on the issue?
- Develop recreational expectations or goals for the lake?
- Have another large meeting to discuss and learn more?
- Explore idea of forming a Lake Improvement District?
