

Bassett Creek Watershed Management Commission

Technical Advisory Committee Meeting

Wednesday May 29, 2019

1:00 – 3:00 p.m.

Council Conference Room, Golden Valley City Hall

- 1. CALL TO ORDER**
- 2. COMMUNICATIONS**
- 3. BUSINESS**

A. Review Commission Engineer Memo on Stormwater Manufactured Treatment Devices; Develop Recommendation for Commission

At their April 18, 2019 meeting, the BCWMC directed the TAC to provide direction to the Commission and BCWMC Engineer regarding review and acceptance of proprietary stormwater manufactured treatment devices (MTDs) proposed for use in development/redevelopment projects in the watershed.

The TAC should review and discuss the Commission Engineer's memo including background information, current practices related to this issue, previous projects in the watershed proposing to use these devices, and engineer's recommendations.

The TAC should develop a recommendation for consideration at the June 20th Commission meeting (or a later meeting if further discussion/analyses is needed).

4. ADJOURNMENT
