Greater MN waste reduction, reuse, recycling and composting grants	Environmental & Education	MN	MPCA	Non-Federal	MPCA has approximately $1 million for projects that increase the efficiency or effectiveness of waste reduction, reuse, recycling, or composting programs. Reducing the amount of materials entering landfills in Greater Minnesota communities benefits the environment as well as local economies.	Minnesota counties, cities, townships, and Tribes located outside of the Twin Cities metro area may apply. Cities must have a population of less than 45,000. Applicants asking for less than the minimum grant award ($50,000) will be deemed ineligible.	Approximately $1 million is available. Minimum $50,000 per project. Maximum $250,000 per project. 25% match is required.	October 7, 2025	https://www.pca.state.mn.us/about-mpca/environmental-assistance-grants	grants.pca@state.mn.us Use the subject line: "Greater Minnesota Grant Question."
Environmental Initiative Program	Natural Resources/ Habitat Protection	CO, HI, MN, TX, WY, NY	Laura Jane Musser Fund	Non-Federal	The Fund's goal is to promote public use of open space that improves a community's quality of life and public health, while also ensuring the protection of healthy, viable and sustainable ecosystems by protecting or restoring habitat for a diversity of plant and animal species.	Who can apply: Nonprofit 501(c)(3) organizations, local units of government within the following states: CO, HI, MN, TX, WY, NY, NC.	The Musser Fund is likely to make a total of 5 to 7 grants in the Environmental Initiative this year. This is a very competitive granting initiative. Planning: Up to $8,000 Implementation: Up to $35,000	The online application will be available September 8 – October 8, 2025.	Environmental Initiative Program – Laura Jane Musser Fund	Mary Karen Lynn-Klimenko Grants Program Manager THE LAURA JANE MUSSER FUND admin@musserfund.org 612-825-2024
Keep it Clean	Water Quality	MN	BWSR	Non-Federal	The Board of Water and Soil Resources (BWSR) Keep it Clean Program works to protect Minnesota's lakes by preventing water pollution from garbage and human waste left on the ice of state waters during winter use activities.	Only Local Units of Government (LGUs) are eligible for funding for this program. Cities, Counties, Joint Powers Boards, MASWCD Technical Service Areas, Soil Water Conservationist Districts, Townships, Watershed Districts and Watershed Management Organizations.	A total of $185,000 is available through this Request for Proposal. Grant requests must be between a minimum of $10,000 and a maximum of $40,000.	October 29, 2025 at 4:30 pm	http://www.bwsr.state.mn.us/grants/apply/index.html	For questions regarding the grant program, email ara.gallo@state.mn.us with "Keep it Clean Program" in the subject line.
RPBCWD Grants	Water Quality	MN	Riley-Purgatory-Bluff Creek Watershed District	Non-Federal	Grants are available for projects that: improve watershed resources, foster water resources stewardship, increase awareness of the vulnerability of watershed resources, increase familiarity with and acceptance of solutions to improve waters. Project examples: raingardens, pervious asphalt and pavers, shoreland and streambank restoration, volume reduction and runoff treatment practices, wetland restoration. Grant Programs: -Watershed Stewardship Grants -Action Grants -Educator Grants	Residential property owners, non-profit organizations, commercial property owners, and governments are eligible. Must be located in the Riley-Purgatory-Bluff Creek Watershed District.	Maximum Stewardship Grant Awards: Residential: $5,000 (up to 75% of project cost) Non-profits: $20,000 (up to 75% of project cost) Municipality, school, business: $50,000 (up to 75% of project cost) Action Grant: Up to $250 Educator Grant: $50 to $400	Stewardship grants: due October 31, 2025. Action grants and educator grants accepted all year	http://www.rpbcwd.org/grants	Elanor Mahon, Grant coordinator emahon@rpbcwd.org
Contamination Investigation and RAP Development Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	Administered by DEED, this program is designed to assist communities in contamination investigation and RAP development. Similar to the Contamination Cleanup Grant, the applicant must be able to demonstrate the existence of a community supported redevelopment plan with an appropriate completion timeline. Funded activities include: site investigation (Phase I and Phase II), RAP development.	Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities. Both publicly and privately owned sites with known soil or groundwater contamination qualify. Cleanup grant applicants must have an MPCA-approved RAP.	Approximately $4 million is available. Grants can pay for up to 75% of the costs of investigation, cleanup, and other costs necessary to implement the RAP. Awards require a 25% local match. 35% of funds are dedicated to projects outside the seven-county metropolitan area . Awards not to exceed $50,000.	4 p.m. May 1 and November 1 of each year	http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp	Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858
Ramsey County Environmental Response Fund	Brownfields	MN	Ramsey County	Non-Federal	The Ramsey County Environmental Response Fund's (ERF) priorities include development/redevelopment of blighted sites, including orphan sites, that will result in additional jobs at living wages and/or affordable housing, and clean-up of public land and green space that will enhance the quality of life in neighborhoods and communities.	Eligible applicants include Ramsey County and Ramsey County municipalities, public and private for profit and not-for-profit agencies and organizations. ERF grants are not available to non-local government responsible parties.	ERF funds are intended as gap financing (applicants should exhaust funds available from other sources). There is no limit on grant funding that may be request d from the ERF. Total funding available each grant round is approximately $500,000	Proposals are due May 1 and November 1 each year, open 6 weeks prior.	https://www.ramseycounty.us/businesses/property-development/property-development-programs-incentives/environmental-response-fund	Martha Faust Redevelopment Manager 651-358-4341 AskCED@ramseycounty.us
Conservation Applied Research and Development Grant Program	Renewable Energy	MN	MN Commerce Department	Non-Federal	The Minnesota Department of Commerce, Division of Energy Resources ("Department") seeks proposals from organizations or individuals interested in applied research and development projects that serve to accelerate the development and adoption of new energy efficient technologies and program strategies in Minnesota. The information obtained from this effort is intended to inform electric and natural gas utility Energy Conservation and Optimization (ECO) program development.	Organizations or individuals interested in applied research and development projects	Formal notice and bidding process for grants greater than $100,000 3 verbal quotes expected for $25,000-$99,999 2 verbal quotes expected for $10,000-$24,999	Submission of full proposal application due 5:00 p.m. CT, Wednesday, November 5, 2025	https://mn.gov/commerce/business/rfp.jsp	651-296-2600
Minnesota ReLeaf Program	Natural Resources/ Habitat Protection	MN	MN DNR	Non-Federal	Program to assist communities with planting and caring for their trees, to increase energy conservation, to reduce atmospheric carbon dioxide, and to achieve other environmental benefits.	Eligible applicants include nonprofit organizations with 501(c) status, educational institutions, and local units of government within Minnesota, including cities, counties, regional authorities, joint powers boards, towns, and Tribal governments. Parks and recreation boards in cities of the first class are also eligible to apply. Consistent with legislative direction, priority for grant awards will be given to projects located in areas with a supplemental demographic index score of 70 percent or higher based on five socioeconomic factors: percent low-income, percent persons with disabilities, percent less than high school education, percent limited English speaking, and low life expectancy.	Maximum grant award is $500,000. No match is required. $7 million available	November 11, 2025	https://www.dnr.state.mn.us/grants/forestmgmt/2025-releaf.html	Ken Holman, Program Coordinator DNR Forestry 500 Lafayetter Road, Box 44 St. Paul, MN 55155 Phone: (651) 259-5269 E-Mail: ken.holman@dnr.state.mn.us
Source Water Protection: Plan Implementation Grant Program	Groundwater	MN	MN Dept. of Health	Non-Federal	Program is designed to support implementation of Source Water Protection Plans. In Minnesota, source water protection is divided into wellhead protection that focuses on 1) groundwater that is used for public water supply and 2) intake protection that focuses on surface water that is used for public water supply.	Only public water suppliers with a source water implementation plan may apply for a source water protection plan implementation grant but may use funding to support the work of other parties relating to the source water protection plan.	No cost share is required for receiving a grant. Maximum: $15,000.	November 13, 2025	Source Water Protection: Plan Implementation Grant Application - EH: Minnesota Department of Health (state.mn.us)	Source Water Protection Grant Coordinator 651-201-4576 health.swpgrants@state.mn.us
Solar on Public Buildings	Renewable Energy	MN	MN Department of Commerce	Non-Federal	The purpose of the Solar on Public Buildings Grant Program is to provide grants to stimulate the installation of solar energy systems on public buildings. Grants under this program can cover the purchase and installation costs of a solar energy generating system. A solar energy generating system may qualify for a grant if it: - Is installed on or adjacent to a public building that consumes the electricity generated by the solar generating system; - Has a system capacity of 40 kW or less, or 120% of the building's annual electricity consumption averaged over three years, whichever is less	Counties, cities (statutory or home rule charter), towns, and other local government jurisdictions in Minnesota, excluding schools districts qualified for financial assistance. Federally recognized Indian tribes.	Fund availability is based on a tier system based on net tax capacity per capita. Maximum awards range from $36,000 to $84,000 up to 70% of project cost.	The Request for Proposals for the statewide round of Solar on Public Buildings will be posted and available for download in early August. Applications will be open continuously until November 14, 2025, or notification from the Department that all funds have been committed, whichever occurs first.	https://mn.gov/commerce/energy/consumer/energy-programs/solar-public-buildings.jsp	University of Minnesota partner Clean Energy Resource Teams (CERTs) Representative, Peter Lindstrom (612-625-9634; plindstr@umn.edu) For questions on the program and application: Energy.Contracts@state.mn.us.
Small community planning grants for stormwater, wastewater, and community resilience	Water Quantity	MN	MPCA	Non-Federal	The MPCA will distribute $500,000 in grants for climate planning projects to small communities with populations of less than 10,000 people. This funding provides an opportunity for these communities to assess vulnerabilities and begin planning for the effects of Minnesota's changing climate in three areas: - increased resilience to stormwater and reduce localized flood risk - improved the resilience of wastewater systems - reduced human health effects and adapt community services, ordinances, and public spaces to the changing climate	Tribal nations, cities, counties, towns/townships, soil and water conservation districts, water management organizations, and water districts that have or serve populations under 10,000 are eligible to apply.	Total funding available: $1.1 million	November 11, 2025, 4:00 pm	https://www.pca.state.mn.us/grants-and-loans/small-community-planning-grants-for-stormwater-wastewater-and-community-resilience	grants.pca@state.mn.us

Stewardship Fund Grants: Planning Grants	Water Quality	MN	MWMO	Non-Federal	Planning Grants are intended to assist organizations to plan and prepare documentation for a project that will be implemented in the near future. Planning Grants help fund the planning process for detailed projects that help improve water quality through construction, education, outreach, or other creative ways.	Eligible applicants for MWMO Stewardship Fund Grants include: -nonprofit organizations, officially recognized neighborhood groups, business and professional associations, schools; and local units of government. Stewardship Fund grants may not be used to fund projects installed only to meet regulatory requirements; however, stewardship funds may be used to fund portions of the project that create water quality innovations that exceed regulatory requirements. Physical projects must be located within MWMO boundaries or drain to receiving water bodies within the watershed.	Grant up to $20,000 (MWMO anticipates a requested grant amount of $10,000–$15,000 on average); 25% match required	December 12, 2025, by 4:30 pm	https://www.mwmo.org/grants/stewardship-fund-grants/	Adam Flett Communications and Outreach Specialist 612-746-4988 aflett@mwmo.org
Stewardship Fund Grants: Action Grants	Water Quality	MN	MWMO	Non-Federal	Action Grants are available to complete a water quality and stewardship project that is significant in scope and cost. Examples include erosion control practices, planting native plant buffers around waterbodies, ecological restoration, implementation of program designs that could result in positive, long-term changes in community behaviors, construction of stormwater BMPs to reduce pollution and improve habitat, construction of impervious surfaces with high-capacity pervious materials, implementation of an educational curriculum, or implementation of water quality themed educational activities.	Eligible applicants for MWMO Stewardship Fund Grants include: -nonprofit organizations, officially recognized neighborhood groups, business and professional associations, schools; and local units of government. Stewardship Fund grants may not be used to fund projects installed only to meet regulatory requirements; however, stewardship funds may be used to fund portions of the project that create water quality innovations that exceed regulatory requirements. Physical projects must be located within MWMO boundaries or drain to receiving water bodies within the watershed.	The grant amount may not exceed $50,000. 25% match required.	December 12, 2025, by 4:30 pm	https://www.mwmo.org/grants/stewardship-fund-grants/	Adam Flett Communications and Outreach Specialist 612-746-4988 aflett@mwmo.org
Stewardship Fund Grants: Community Grants	Water Quality	MN	MWMO	Non-Federal	Available for short-term or small-scale water quality projects. Examples include: community events, programs for youth and community leadership development in the environment, educational and technical training, art or media projects depcting water and natural resource issues, installation of small BMPs, engagement processes that help identify water and natural resource issues of concern to a community, and educational signs or brochures to explain water quality improvement projects.	Eligible applicants for MWMO Stewardship Fund Grants include: -nonprofit organizations, officially recognized neighborhood groups, business and professional associations, schools; and local units of government. Stewardship Fund grants may not be used to fund projects installed only to meet regulatory requirements; however, stewardship funds may be used to fund portions of the project that create water quality innovations that exceed regulatory requirements. Physical projects must be located within MWMO boundaries or drain to receiving water bodies within the watershed.	The grant amount may not exceed $5,000. No matching funds are required.	December 12, 2025, by 4:30 pm	https://www.mwmo.org/grants/stewardship-fund-grants/	Adam Flett Communications and Outreach Specialist 612-746-4988 aflett@mwmo.org
Source Water Protection: Competitive Grant Program	Groundwater	MN	MN Dept of Health	Non-Federal	Program to support source water protection for community and no transient noncommunity public water suppliers. Source water protection activities that are funded under this grant program must focus on managing or eliminating one or more potential sources of contamination that the Minnesota Department of Health has determined presents a risk to the public water supplier.	A public water supplier must meet the following conditions in order to qualify for a grant: 1) Be a community or a non-transient non-community public water supplier, and 2) the public water supplier is not currently subject to administrative penalty action by the MN Dept. of Health for violation of state or federal public water supply regulations. Although only qualifying public water suppliers may apply for a source water protection competitive grant, they may use this funding to support the work of other parties.	An equal cost share for each work item is required for receiving a grant. Maximum grant amount is $15,000 which may be increased to $45,000 when three or more public water suppliers apply under the same application.	December 28, 2025	https://www.health.state.mn.us/communities/environment/water/swp/grants.html	Source Water Protection Program Email: health.swpgrants@state.mn.us (651-201-4576)
Stormwater Management Grants	Water Quality	MN	Rice Creek Watershed District	Non-Federal	Stormwater Management Grant Program is to assist cities, counties, school districts, libraries and other public and private entities with implementation of their stormwater management projects. This funding is intended for projects that provide stormwater quality treatment, runoff volume reductions, peak runoff rate control and/or reductions in groundwater usage. Projects proposed in conjunction with municipal street reconstruction projects or other site redevelopment projects are encouraged.	Cities, counties, school districts, libraries, and other public and private entities	Up to $300,00 available. Funding for up to 50% of eligible project costs, not to exceed $100,000 per project.	December 30, 2025, 4:30 p.m. All applicants MUST schedule a pre application meeting to discuss project and grant application plans with RCWD staff.	https://www.ricecreek.org/grants/stormwater-management-grants/	William Roach wroach@ricecreek.org 763-398-3085 Ext 185
Bush Foundation Ecosystem Grants	Environmental & Education	MN, ND, SD	Bush Foundation	Non-Federal	The Bush Foundation works to inspire and support creative problem solving — within and across sectors — to make our region better for everyone. We know problem solving is hard. Our Ecosystem grant program provides operating support to the organizations that support the people doing this work.	Grants must be used for a charitable purpose that supports people and organizations in Minnesota, North Dakota, South Dakota or the 23 Native nations that share the same geography. Ecosystem grants may be awarded to 501(c)(3) public charities or government entities. Coalitions or collaborative efforts are eligible to apply, but only one organization may receive the grant.	Organizations may apply to receive as much as $450,000 over three years in operating support. The annual grant amount is typically 25% of the organization's expenses, up to $150,000 per year. All Ecosystem grantees receive an additional $10,000 in capacity building funds to build or increase their skills to work across differences.	Ecosystem grant applications open every three years with the next opening in 2026.	https://www.bushfoundation.org/funding-for-your-organization/	staff@bushfoundation.org 651-379-2249
Multipurpose Drainage Management (MDM) Competitive Grants Program	Water Quality	MN	BWSR	Non-Federal	This competitive grant program funds multipurpose drainage management practices, targeting critical pollution source areas to reduce erosion and sedimentation, reduce peak flows and flooding, and improve water quality, while protecting drainage system efficiency and reducing drainage system maintenance for priority Chapter 103E drainage systems.	Counties, Joint Powers Board, Soil Water Conservation Districts and Watershed Districts	Funding for this application period is $950,000. 10% match required	February 26, 2026 at 4:30 pm	http://www.bwsr.state.mn.us/grants/apply/index.html	Applicants may contact their Board Conservationist with additional questions if they need assistance when submitting an application. https://bwsr.state.mn.us/work-area-maps
Clean Water State Revolving Fund - Wastewater & Stormwater	Water Quality	MN	Minnesota Public Facilities Authority (PFA) & MPCA (State funds)	Non-Federal	The Clean Water State Revolving Fund, is established under the Federal Clean Water Act and state law to make loans for point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (PFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority List (PPL) developed by the MPCA. The IUP describes the projects and activities eligible for funding during the state fiscal year.	Projects must be on the Project Priority List (PPL) to be eligible to apply for below market rate CWRF loans and other Clean Water Legacy grants and loans from the Minnesota Public Facilities Authority (PFA). PFA financing is for investments in municipal infrastructure which result in improvements in water quality. Funding is not available for privately owned infrastructure.	Below market-rate, low-interest loans, principal-forgiveness or grants to local governments.	Project plans due: March 6, 2026 Clean Water PPL Application Request: March 6, 2026 Drinking Water PPL Application Request: May 1, 2026 IUP Application Request: June 4, 2026	www.pca.state.mn.us/ppl	Bill Dunn, Clean Water Revolving Fund Coordinator Minnesota Pollution Control Agency 520 Lafayette Road North Saint Paul, MN 55155-4194 651-757-2324 or bill.dunn@state.mn.us
Community Conservation Partnership	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program to support public landowners in implementing TMDL and local water management plans by providing technical and cost share assistance to install bioretention and other stormwater Best Management Practices at public facilities in Dakota County to improve water quality above the minimum measures required by the regulating agencies.	Public landowners within Dakota County	Up to $50,000 of cost share funding available per project for up to 85% of the actual project cost.	March, May or July 15 each year	https://dakotaswcd.org/services/incentives/	Contact Dakota County SWCD (651) 480-7777
National Fish Passage Program Base Funding	Natural Resources/ Habitat Protection	All States	Fish and Wildlife Service	Federal	The National Fish Passage Program (NFPP) provides technical and financial assistance to partners to remove instream barriers and restore aquatic connectivity, improve community safety, and support local economies. Fish passage projects benefit communities by reducing flood risk, improving recreational opportunities, and improving roads while supporting native fish populations and aquatic ecosystems. NFPP project examples include dam removals, culvert replacements, floodplain restoration, and the installation of fishways	State governments, Independent school districts, For profit organizations other than small businesses, Small businesses, Native American tribal organizations (other than Federally recognized tribal governments), Private institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, Special district governments, Others (see text field entitled "Additional Information on Eligibility" for clarification), Individuals, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Public housing authorities/Indian housing authorities, Public and State controlled institutions of higher education, Native American tribal governments (Federally recognized), Individuals, City or township governments	$10 million available. Grants can range from $1 to $1 million	March 31, 2026 11:59pm	https://www.grants.gov/search-results-detail/360456	Thomas McCann thomas_mccann@fws.gov

Bridging Land and Water Planning	Water Quality	MN	Minnehaha Creek Watershed District	Non-Federal	The Land & Water Partnership (LWP) program builds bridges between land and water planning to deliver projects that improve the watershed and support thriving communities. By cultivating relationships with the land use community, engaging with partners early in project development, and offering technical and financial resources, we encourage collaborative planning that brings water into community development, infrastructure, parks, and placemaking to deliver projects that support shared goals with our partners.	The LWP program supports public or private partner-led projects. Eligible partners include state, regional, or local agencies (e.g., municipality) and large-scale private developers or landowners with the capacity to lead project implementation.	The program does not have a set funding cap and instead evaluates opportunities as part of the MCWD's annual budget and CIP development process (See Evaluation Criteria section). MCWD's annual CIP budget typically ranges from $3-6 million. Funding will be up to 75% of project cost.	Project Concept due April 1	https://minnehahacreek.org/partnerships/land-water-partnership-program/	Kate Moran kmoran@minnehahacreek.org
Iron Range Resources Community Development Programs	Public Works	MN	MN Department of Iron Range Resources & Rehabilitation	Non-Federal	Our Community Development Team is dedicated to working in partnership with northeastern Minnesota communities, local units of government, and a variety of community development partners, to support economic development by enriching and expanding the unique resources of Iron Range communities. Grant programs include broadband infrastructure, Business Energy Retrofit, Commercial Redevelopment, Community Infrastructure, Culture & Tourism, Development Infrastructure, Development Partnership, Downtown Building Rehabilitation, Grant Writing Assistance, Mineland Reclamation, Regional Trails, Residential Redevelopment, and Workforce Development.	Cities, townships or tribal units of government located within the agency's service area. Multi-organization collaboration is welcome.	Project funding will be awarded on a rolling basis based on availability. Amount depends on specific grant program.	August 1, 2025: Business Energy Retrofit May 29, 2026: Public Works Infrastructure July 31, 2025: Culture & Tourism May 29, 2026: Commerical Redevelopment, Housing, Residential Redevelopment, Grant Writing Assistance, Regional Trails, Workforce Development	https://mn.gov/irrrb/grant-resources/	Varies by specific grant
WRC Request for Research Proposals	Water Quality	MN	MPCA and UMN Water Resources Center	Non-Federal	The Water Resources Center (WRC) at the University of Minnesota, in cooperation with the Minnesota Stormwater Research Council (MSRC), is pleased to invite proposals to advance urban stormwater science, technology, and management in Minnesota.	Researchers and educators from any academic institution, government agency, non-profit organization, or private entity are eligible to apply. Staff affiliated with organizations that have contributed funds to the MSRC may submit research proposals. At least one of the lead PIs must be from an academic institution, government agency, non-profit organization, or private entity in Minnesota.	Rapid-Response projects $15,000-$75,000, Discovery Projects $75,000-$300,000 A Technical Advisory Panel (TAP) is required for all projects that are selected for funding. The submission does not require the identification of TAP members.	June 30, 2026	https://wrc.umn.edu/funding-opportunities	For questions about the R2R Grants Program, the submission process, or the suitability of a proposed project, please contact Maggie Karschnia. maggiek@umn.edu
Fishers and Farmers Partnership for the Upper Mississippi River Basin	Natural Resources/ Habitat Protection	Upper Mississippi River Basin (MN, IA, WI, IL)	National Fish Habitat Partnership	Non-Federal	Fishers & Farmers Partnership awards National Fish Habitat Partnership funding to locally-led projects in upper Mississippi River Basin watersheds each year to improve farms and fish habitat. Funded projects improve farms and fish habitat; address a root cause of watershed problems; support landowner engagement, communications, monitoring, science, or construction; and align with our Strategic Plan. Funding this year focuses on stream and farm projects.	Applicants can be federal, state, county, and non-government organizations in either natural resources or agriculture with the ultimate goal of adding value to farms while restoring aquatic habitat and native fish populations.	Approximately $200-$300K, split among 4-7 successful projects. Funding request minimum of $15,000 and maximum of $100,000. 1:1 match required, but 3:1 preferred. Cost sharing may be in-kind services.	September 15, 2026	https://fishersandfarmers.org/funding/	Heidi Keuler US Fish and Wildlife Service 555 Lester Avenue Onalaska, WI 54650 608-783-8417
SolarAPP+ Solar Permitting Software Incentive for Local Units of Government	Renewable Energy	MN	MN Department of Commerce	Non-Federal	The Minnesota Department of Commerce Division of Energy Resources is now accepting applications from qualified local units of government throughout Minnesota for the SolarAPP+ Solar Permitting Software Incentive, valued up to $20,000. The purpose of this program is to provide technical assistance and financial incentives to local units of government that issue permits for residential solar projects and solar plus energy storage systems by incentivizing a permitting authority to adopt the SolarAPP+ software to standardize, automate, and streamline the review and permitting process.	Local units of government that issue permits for residential solar projects and solar plus energy storage systems	Up to $20,000 value	June 30, 2028, or until fully expended	https://mn.gov/commerce/business/rfp.jsp	651-539-1500
Outdoor Recreation Legacy Partnership Program	Recreation	All States	Department of the Interior	Federal	The ORLP program provides grants to states, and through states to local units of government and federally-recognized Indian tribes, for projects that will provide outdoor recreation opportunities to the public through the acquisition of lands and waters for parks and other outdoor recreation areas, as well as through the development of new, or the renovation of existing, outdoor recreation facilities. As designed, the goal of the ORLP Program is to provide new or significantly improve recreation opportunities for disadvantaged communities in larger urbanized areas.	Only the State Lead Agency can be an applicant for a LWCF grant. The State Lead Agency may submit on behalf of themselves or another eligible subrecipient. Eligible sub-recipients include state agencies, local units of governments and special purpose districts and federally-recognized Indian tribes. An eligible sub-recipient must either be an incorporated city or town of at least 30,000 people as of the 2020 Census, or, if the subrecipient is a county or special purpose district, the project must be serving an incorporated city or town of at least 30,000 or more people	Maximum: $15 million Minimum: $300,000 Total available: $450 million 1:1 match required	November 1, 2029	https://www.grants.gov/search-results-detail/357672	Matthew Russell matthew_russell@nps.gov
Performance Review and Assistance Program	Water Quality	MN	BWSR	Non-Federal	BWSR uses the program to provide assistance grants to local government units (LGUs) that desire to make improvements, including improving the efficiency and effectiveness in delivering and executing planned organizational goals and objectives.	Soil and Water Conservation Districts; Watershed Districts; Watershed Management Organizations. Joint Powers Associations or Boards, or other types of local government water management partnerships	Maximum: $10,000 for a single entity, $20,000 for projects that involve multiple entities or partnerships	Applications submitted on an ongoing basis as funding is available.	https://bwsr.state.mn.us/prap-grants	Don Bajumpaa, Don.Bajumpaa@state.mn.us 651-600-8390
Capitol Region Watershed District (CRWD) Clean Water Project Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Clean Water Project Grants provide technical and financial assistance to residents, non-profits, schools, businesses, and public agencies within Capitol Region Watershed District (CRWD) to build projects that prevent stormwater pollution from entering our lakes and the Mississippi River. Specifically, the program funds BMPs that reduce stormwater runoff, prevent erosion and filter pollutants. Typical BMP projects include but are not limited to: 1) rain gardens, 2) shoreline restoration, 3) water reuse systems, 4) permeable hardscapes (pavers, asphalt etc.) 5) green roofs. Clean Water Projects demonstrating innovative design concepts that may provide less water quality benefit but provide other substantial community benefits must contact the CRWD Stormwater BMP Specialist for additional application and program requirements.	Any resident, non-profit, school, business, and public agency within CRWD's boundaries is encouraged to apply.	Awards range from $500 to $200,000 Match requirements: 5% for residential, public agencies and non profits; and 25% for businesses and other for-profit organizations Projects in Saint Anthony Hill, Trout Brook, and Phalen Creek subwatersheds require lower match rates (residential: none; public agencies and non-profits: 5%; businesses and for-profit organizations: 10%)	Applications accepted all year.	Clean Water Project Grants - CRWD (capitolregionwd.org)	For questions or to submit an application, please contact Joe Lochner at Ramsey County Soil & Water Conservation Division at 651-266-7273 or joseph.lochner@co.ramsey.mn.us
Capitol Region Watershed District (CRWD) Clean Water Project Maintenance Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Capitol Region Watershed District's (CRWD) Clean Water Project Grants (formerly Stewardship Grants) provide technical and financial assistance to build clean water projects that prevent stormwater pollution from entering our lakes and the Mississippi River. Clean water projects include rain gardens, water harvesting and reuse systems, shoreline restorations, permeable pavement, and green roofs.	Programs must occur within CRWD's boundaries to be eligible for funding. Residents, non-profits, schools, businesses, and public agencies within the District.	50% of annual maintenance costs, up to $2,000/year. If the clean water project is in the Focus Area, CRWD will cover 75% of project costs, up to $2,000/year for the life of the project Minimum award: $200	All year	Clean Water Project Maintenance Grants - CRWD (capitolregionwd.org)	Alexandra Morrison Stormwater BMP Technician Email: amorrison@capitolregionwd.org Phone: (651) 644-8888 Ext. 108
Capitol Region Watershed District (CRWD) Native Landscape Grants	Natural Resources/ Habitat Protection	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Native Landscape Grants provide technical and financial assistance to build native landscape projects. These projects foster the expansion of native plant communities, provide pollinator habitat, and prevent stormwater pollution from entering our lakes and the Mississippi River.	Programs must occur within CRWD's boundaries to be eligible for funding. Residents, non-profits, schools, businesses, and public agencies within the District.	Maximum: $1,000 No match requirement	All year	Native Landscape Grants - CRWD (capitolregionwd.org)	Alexandra Morrison Stormwater BMP Technician Email: amorrison@capitolregionwd.org Phone: (651) 644-8888 Ext. 108
Capitol Region Watershed District (CRWD) Water Quality Planning Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	CRWD's Planning Grants provide financial assistance for feasibility and design of cost-effective and/or innovative clean water projects that protect and improve the water quality within CRWD. Eligible projects may include: - Feasibility studies that identify, evaluate, and prioritize opportunities to reduce stormwater pollution or otherwise benefit our water resources. - Professional design of cost-effective or innovative stormwater projects. - Projects must be located within CRWD and must include identification of public educational opportunities.	Any resident, non-profit, school, business, or public agency within CRWD's boundaries is encouraged to apply.	Typical grant award: $10,000 - $20,000 Matching depends on category: - Residential: no match requirement - Public agencies and non-profits: 5% match - Businesses: 25% match	All year	http://www.capitolregionwd.org/our-work/grants/special-grants/	Chris Kucek ckucek@capitolregionwd.org (651) 644-8888 ext. 112
Carver County Cost-Share Program	Water Quality	MN	Carver County	Non-Federal	Carver County Water Management Organization funds a cost share program to promote citizens to use innovative Best Management Practices (BMPs) to protect and restore the quality of water within the county. The goal of the program is to increase the awareness of water quality issues affecting the county and at the same time have citizens take an active role in the protection and/or restoration of the environment. In cooperation with both County Staff and Private Citizens, this program will continue the strong tradition of protecting the natural resources of this great county.	This program is available to anyone that is a citizen of Carver County, municipalities, and private businesses located within the Carver County Water Resource Management Area. Some areas of the County are located outside the CCWMO boundaries are on instead in Riley Purgatory Bluff Creek Watershed District or Lower MN River Watershed District.	The program will cover 75% of eligible costs up to a maximum reimbursement of $5000. This is a competitive grant program, with the possibility of grant requests not obtaining funding. If the annual funding for a fiscal year is depleted, project applications for the year will be held over to the following year. These projects will be prioritized by the date in which the application was turned in.	Applications accepted all year.	https://www.carverswcd.org/programs-services/financial-assistance/cost-share-programs/state-cost-share/	Terry Meiller Resource Conservationist 952-466-5230 tmeiller@co.carver.mn.us

Economic Development Administration Public Works and Economic Adjustment Assistance Programs	Public Works	All States	Economic Development Administration	Federal	These grants are designed to support the economic development activities most useful to a community based on its needs and circumstances. EDA funds community or regionally generated ideas and assists communities to advance to the next level of economic development. EDA supports bottom-up strategies that build on regional assets to spur economic growth and resiliency. EDA encourages its grantees throughout the country to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities.	City or township governments, County governments, Public and State controlled institutions of higher education, Native American tribal governments (Federally recognized), State governments, Private institutions of higher education, Special district governments, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education	Awards range from $100,000 to $30,000,000	All year	https://www.grants.gov/search-results-detail/346815	http://www.eda.gov/contact/
Water Infrastructure Finance and Innovation Act (WIFIA)	Water/Wastewater	All States	EPA	Federal	Federal credit program for water and wastewater projects. Eligible projects include: - Projects that are eligible for the Clean Water SRF, notwithstanding the public ownership clause - Projects that are eligible for the Drinking Water SRF - Enhanced energy efficiency projects at drinking water and wastewater facilities - Brackish or seawater desalination, aquifer recharge, alternative water supply, and water recycling projects - Drought prevention, reduction, or mitigation projects - Acquisition of property if it is integral to the project or will mitigate the environmental impact of a project - A combination of projects secured by a common security pledge or submitted under one application by an SRF program	Local, state, tribal, and federal government entities Partnerships and joint ventures Corporations and trusts Clean Water and Drinking Water State Revolving Fund (SRF) programs	Loan Program $20 million: Minimum project size for large communities. $5 million: Minimum project size for small communities (population of 25,000 or less). 49 percent: Maximum portion of eligible project costs that WIFIA can fund. Total federal assistance may not exceed 80 percent of a project's eligible costs.	All year	What is WIFIA?	US EPA	wifia@epa.gov
Special Opportunity Grant Program	Natural Resources/ Habitat Protection	All States	Freshwater Future	Non-Federal	The Special Opportunity Grants Program (Emergency Grants) is for the aquatic habitat protection efforts that may not coincide with the application timeline or grant period for the Projects Grants Program. Freshwater Future realizes that many grassroots projects can be completed for under $500 USD, therefore we maintain a reserve to support urgent projects or those that present a special, time-limited opportunity. Although the eligibility, overarching goal, priority program areas, and evaluation criteria are the same as the regular grants programs, Special Opportunity Grant (SOG) requests are processed differently to ensure quick turnaround.	Eligible applicants include Tribes, townships, cities, counties, watershed districts, watershed management organizations, or joint powers board whose members are townships, cities, or counties.	Typically $500 or less. Maximum of $750	Applications accepted all year as long as funding is available	https://freshwaterfuture.org/special-opportunity-grants/	Laurie, laurie@freshwaterfuture.org
Great Lakes Protection Fund- A Call for People, Ideas, and Projects	Natural Resources/ Habitat Protection	MN	Great Lakes Protection Fund	Non-Federal	Projects must deliver ecosystem improvements in the Great Lakes that are real and regionally significant. - Real improvements are measurable positive changes to significant physical, chemical, or biological impairments in the Great Lakes ecosystem. - Regionally significant improvements show increasing system-wide outcomes and potential for impact at the scale of the ecosystem.	This includes for-profit businesses, non-profit organizations, universities, governmental agencies, and individuals. Your team doesn't need to be located within the Great Lakes region, but your project must have a positive impact on the region's ecosystem.	Budget requests should reflect the full amount of funds necessary to complete the proposed work. Past awards have ranged from $20,000 to $1.5 million. Matching funds are not necessary. The fund will support overhead costs at a maximum of 15% of project costs.	Applications accepted all year.	http://glpf.org/get-funding/projects-wanted/	847-425-8150 or startaconversation@glpf.org
Brownfield Gap Financing Program	Brownfields	MN	Hennepin County	Non-Federal	Managed by Minnesota Brownfields and funded through Hennepin County's Environmental Response Fund (ERF), the Brownfield Gap Financing Program provides small grants to nonprofit developers to close gaps in project costs for environmental assessment and cleanup of property in Hennepin County. Funded activities include: Identification and, in some cases, remediation of unexpected environmental issues (such as unanticipated Phase I and II investigations or small-scale cleanup), Preparation for a larger funding request from the County's ERF	Eligible applicants for this program must be registered as a non-profit within the State of Minnesota, a community group, a government supported organization, or a government entity located within Hennepin County. Applicants must own the property, have a purchase or lease agreement in place, or have a letter of intent to purchase by the applicant from the property owner.	Typical Brownfield Gap Financing Program grants are less than $25,000.	Applications accepted all year.	2022 GAP Financing Program (mnbrownfields.org)	Heidi Timm Bijold grants@mnbrownfields.org
Hennepin County Environmental Response Fund	Brownfields	MN	Hennepin County	Non-Federal	Environmental Response Fund (ERF) grants fund the assessment and cleanup of contaminated sites where conditions present a threat to human health or the environment, but where lack of funding and added environmental costs hinder site improvements or redevelopment. ERF grants are used for a variety of activities that provide community benefit, including assessment and cleanup of groundwater and evaluation and abatement of asbestos and lead-based paint. Priority is placed on locations that are intended as public or green spaces, establish affordable and moderately priced housing, and promote economic development.	Eligible applicants for ERF include municipalities, economic development agencies, housing and redevelopment authorities, non-profit organizations, public companies, and private for-profit companies located within Hennepin County. ERF grants are not available to non-local government responsible parties. ERF grants are available for the investigation or cleanup of non-petroleum contamination or petroleum-related contamination that is not eligible for reimbursement by the Minnesota Petrofund.	Approximately $1 – $1.2 million is distributed every grant round. Awards vary depending on the project, the amount of available grant funding and the list of applications received. No funding match is required.	All year	https://www.hennepin.us/business/property/brownfields	brownfields@hennepin.us Brianna Boos (612 348-5948 Lance Robinette (612) 543-4855 Michael Torres (612) 694-1841
Midwest Climate and Energy Grants	Environmental & Education	MN, WI, IA	McKnight Foundation	Non-Federal	The McKnight Foundation funds projects related to transforming the energy sector, decarbonizing transportation, decarbonizing buildings, protecting/improving natural and working lands, and strengthening the democratic participation.	Applicants must be classified as tax-exempt, nonprofit organizations to be eligible for a grant. Government entities, including state, county, and municipal, may apply for funding for innovative projects. We generally will not fund activities that are traditionally the sole responsibility of the government.	Total funding available is $32 million	All year on a rolling basis. It is recommended to submit a request by September 1.	https://www.mcknight.org/programs/midwest-climate-energy/how-to-apply/	kjohnson@mcknight.org 612-333-4220
Flood Hazard Mitigation Grants	Water Quantity	MN	MN DNR	Non-Federal	Program to provide technical and financial assistance to local governmental units for conducting flood damage reduction studies and for planning and implementing flood damage reduction measures. Studies and planning projects must be done with general funds. Design and construction projects are able to be funded through state bonding. Flood damage reduction studies for planning and implementing structural and non-structural measures, including acquisition of structures in the flood plain, relocations, flood-proofing, development of flood warning systems, public education, flood plain restorations, dams, dikes, levees, flood bypass channels, flood storage structures, water level control structures and other related activities	Local units of government – including cities, counties, townships, watershed districts, watershed management organizations, and lake improvement districts. Grants are not available to individuals or businesses.	A maximum of 50% of total eligible project costs up to $150,000 using general funds. Grant requests for more than $150,000 must be approved by the Legislature.	The application window is always open.	http://www.dnr.state.mn.us/grants/water/flood_hazard.html	Matthew Bauman, Flood Hazard Mitigation Program Manager DNR Division of Waters (651) 259-5691 E-Mail: matthew.bauman@state.mn.us
Forest Stewardship Program	Natural Resources/ Habitat Protection	MN	MN DNR	Non-Federal	The DNR received legislative funding to cover costs for woodland owners to replace seedlings killed by drought. Seeded or planted seedlings killed by drought are eligible. Eligible activities include: Preparing a site for planting Purchasing seedlings Planting seedlings Controlling vegetative competition Protecting seedlings from animal browse Releasing seedlings from competing vegetation	Financial assistance to woodland owners for completing projects to practice good forest stewardship on their land. A typical project is between 3 and 20 acres but could be smaller or larger depending on land goals.	Up to $10,000	Funding is available through June 30, 2027	https://www.dnr.state.mn.us/woodlands/cost-share.html	Private Forest Program Coordinator DNR Forestry 500 Lafayette Road, Box 44 St. Paul, MN 55155 (651) 259-5261

Shoreland and Aquatic Habitat Block Grant Program	Water Quality	MN	MN DNR	Non-Federal	Program to conduct shoreline and watershed enhancement projects with native plants, with the goal of improving aquatic habitat and water quality for fish and wildlife. The Department of Natural Resources - Division of Fisheries and Wildlife Aquatic Habitat Program is currently requesting proposals for projects related to aquatic habitat improvement and restoration that will take place in Fiscal Years 2024 and 2025.	Counties, cities, watershed districts, other local units of government, conservation groups and lake associations	No match required	All year	https://bwsr.state.mn.us/grant-profile-dnr-shoreland	John Hiebert, Shoreland Habitat Coordinator Minnesota DNR (651) 259-5212 john.hiebert@dnr.state.mn.us
Clean Water State Revolving Fund - Drinking Water	Water Quality	MN	MN Public Facilities Authority (MPFA)	Non-Federal	The Clean Water State Revolving Fund, is established under the Federal Clean Water Act and state law to make loans to for point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (PFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority List (PPL) developed by the MPCA. The IUP describes the projects and activities eligible for funding during the state fiscal year. The Minnesota Department of Health is soliciting requests to place new projects on the Drinking Water Revolving Fund (DWRF) Project Priority List (PPL). Projects must be on the list to be eligible for below market rate DWRF loans to improve public drinking water systems. Typical projects include watermain, wells, water treatment plants and water towers. Funding is not for expansion of water systems to serve future growth or for fire suppression infrastructure.	Cities, counties, townships, sanitary districts or other governmental subdivisions responsible for wastewater treatment are eligible.	Below market-rate, low-interest loans, principal-forgiveness or grants to local governments.	6 months after Intended Use Plan is approved	https://mn.gov/deed/pfa/funds-programs/cleanwaterrevolvingfund.jsp	MN.PFA@state.mn.us 651-259-7469
Brownfield assessment grants	Brownfields	MN	MPCA	Federal	The MPCA has grant money available from the U.S. EPA to fund environmental assessments of brownfield properties, to support redevelopment and reuse. The work is performed by MPCA contractors at no cost to the grant recipients. The grant can be used for: - Phase I and Phase II environmental site assessments - Sampling and analysis plans/work plans - Hazardous materials building surveys to identify lead paint and asbestos - Preparation of response action plans - Community engagement for reuse planning - MPCA Brownfield Program fees	Eligible sites in Minnesota can be publicly or privately owned with known or suspected contamination. Applicants cannot be a responsible party for the contamination. Applicants include but aren't limited to: community organizations, nonprofit organizations, local units of government, emerging developers, and tribal entities	Approximately $90,000 per year available. Typical grants range from $10,000-50,000 but there is no limit.	Applications are accepted on a rolling basis	Brownfield assessment grants | Minnesota Pollution Control Agency (state.mn.us)	651-757-2904 brownfieldgrants.MPCA@state.mn.us
Clean Water Partnership Loan Program	Water Quality	MN	MPCA	Non-Federal	The Clean Water Partnership (CWP) program offers low-interest loans to local units of government for implementing nonpoint-source best management practices and other activities that target the restoration and protection of water resources such as lakes, streams, or groundwater aquifers. Funds can be used for any non-point BMPs, including wellhead protection, inflow and infiltration (residential laterals), green infrastructure, SSTS upgrade/replacements, wetland or stream restorations, and many more!	To be eligible, projects must address a nonpoint-source pollution issue. Projects under enforcement action, permitted wastewater treatment plants, and projects addressing feedlot NPDES or stormwater permit requirements are not eligible.	About $3.5 million in loans will be available. The maximum loan award is $750,000 with the potential to increase by $500,000. Interest rate 1.5% No matching funds are required.	Applications will be accepted on a rolling basis; funding will be approved based on available loan funds.	https://www.pca.state.mn.us/grants-and-loans/clean-water-partnership-loans	Christopher Lundeen 218-316-3873 CWP.Loan.PCA@state.mn.us
Environmental assistance loans	Water Quality	MN	MPCA	Non-Federal	Financial assistance to accelerate the application and/or improvement of environmental processes and technologies in Minnesota by providing assistance for the capital costs (machinery and equipment) of eligible projects. Priority eligible projects include green chemistry, pollution prevention, source reduction, recycling, and source-separated compostable materials.	Priority-eligible applicants are Minnesota-based, small- to medium-sized businesses and political subdivisions of Minnesota.	Participatory loans provide for awards up to a maximum loan of $600,000 at zero percent interest. Participatory loan funds must be matched by a minimum dollar-for-dollar match by loans from a participating financial institution. Direct loans provide for awards up to a maximum loan of $100,000 at zero percent interest. Direct loans must be matched by a minimum one dollar from the applicant for every four dollars received (25% match). Start-up businesses are eligible for direct loans on a case-by-case basis.	The model is based on a revolving funding mode, where additional funding is made available as past recipients repay their loans.	Environmental assistance loans | Minnesota Pollution Control Agency (state.mn.us)	Jeannie Given 651-757-2459 Jeannie.Given@state.mn.us
Small business environmental improvement loans	Environmental & Education	MN	MPCA	Non-Federal	Loans at zero-percent interest to small businesses for capital equipment purchases that help the company meet or exceed environmental regulations, and covering costs associated with the investigation and cleanup of contaminated sites.	Qualified borrowers must be an existing small business corporation, sole proprietorship, partnership, or association with: Less than 100 full-time employees An after-tax profit of less than $500,000 A demonstrated ability to repay the loan	Loan amount between $1,000 and $75,000 Interest rate: 0% Repayment term up to 7 years	All year	Small business environmental improvement loans | Minnesota Pollution Control Agency (state.mn.us)	smallbizfunding.pca@state.mn.us
Federal Clean Water Act Section 319 Grants (TMDL or WRAPS implementation projects)	Water Quality	MN	MPCA (Federal funds)	Federal	The Minnesota Pollution Control Agency's (MPCA's) Section 319 grant program is seeking applications for projects to implement best management practices (BMPs) that will reduce nonpoint source pollution (NPS) in Minnesota's lakes, rivers, and streams. Eligible projects must be in an identified critical area of the watershed and have an EPA-approved total maximum daily load (TMDL) for the waterbody. The projects must have an EPA-approved TMDL by Friday, March 2, 2018.	Public and private entities are eligible. To be considered for Section 319 funding, the project sponsor (the entity responsible for the project and its overall success), must have a Federal Identification Number. Eligible projects must implement best management practices (BMPs) that will reduce nonpoint source pollution (NPS) in Minnesota's lakes, rivers, and streams. Eligible projects must be in an identified critical area of the watershed and have an Environmental Protection Agency (EPA)-approved total maximum daily load (TMDL) on that waterbody, which must be approved by the close of the application period, Friday, March 2, 2018	$2.8 million is expected to be available. There is no maximum grant amount; $50,000 minimum grant amount. 40% match required.	Applications accepted all year. Semi-annual reporting is due on February 1 (for the period July 1 through Dec. 31) and August 1 (for the period Jan. 1 through June 30).	https://www.pca.state.mn.us/water/clean-water-partnership-and-section-319-programs	Miranda Nichols 651-757-2614 miranda.nichols@state.mn.us
Regional Sustainable Development Partnerships	Natural Resources/ Habitat Protection	MN	University of MN Extension	Non-Federal	The Regional Sustainable Development Partnerships (RSDP) bring together community and University knowledge and resources to drive sustainability in four focus areas: agriculture and food systems, clean energy, natural resources and resilient communities. We support local projects through five regional boards made up of community members and University faculty and staff. We also support multi-region food systems work across Greater Minnesota and provide energy programming through the Clean Energy Resource Teams.	Any individual or organization.	No funding guidelines given.	Applications can be submitted at any time and are reviewed within specific application periods	http://www.extension.umn.edu/rsdp/	Kathryn Draeger Statewide Director, Regional Sustainable Development Partnerships draeg001@umn.edu 612-625-3148 (Regional Executive Director information on website)
Water & Waste Disposal Loan and Grant Program	Water/Wastewater	All States	USDA	Federal	This program provides funding for clean and reliable drinking water systems, sanitary sewage disposal, sanitary solid waste disposal, and storm water drainage to households and businesses in eligible rural areas. The project funds may be used to finance the acquisition, construction, or improvement of drinking water sourcing, treatment, storage and distribution, sewer collection, transmission, treatment, and disposal, solid waste collection, disposal and closure, stormwater collection, transmission, and disposal.	This program assists qualified applicants who are not otherwise able to obtain commercial credit on reasonable terms. Eligible applicants include: -Most state and local governmental entities in rural towns of 10,000 or less -Private nonprofits -Federally-recognized tribes	Long-term, low-interest loans If funds are available, a grant may be combined with a loan if necessary to keep user costs reasonable.	Applications accepted all year.	https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program	Contact Local RD State Offices: https://www.rd.usda.gov/contact-us/state-offices
Environmental Quality Incentives Program	Water Quality	All States	USDA NRCS	Federal	The Environmental Quality Incentives Program (EQIP) is a voluntary conservation program that helps agricultural producers in a manner that promotes agricultural production and environmental quality as compatible goals. Through EQIP, agricultural producers receive financial and technical assistance to implement structural and management conservation practices that optimize environmental benefits on working agricultural land.	Agricultural producers and forest landowners	Submitted applications may be considered or evaluated in multiple funding pool opportunities.	EQIP applications are accepted on a continuous basis, however, NRCS establishes application "cut-off" or submission deadline dates for evaluation	https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/eqip/	Brenda Tonn, Program Specialist Phone: 651-602-7883 Email: brenda.tonn@mn.usda.gov
Minnesota Energy Efficiency Programs	Renewable Energy	MN	Various	Non-Federal	The state offers many programs, residential and commercial incentives to support the development of renewable energy through different aspects. Both public and investor-owned utilities provide rebate programs, grant programs, and other financial incentives for renewable energy and energy efficiency technologies.	Utilities	Various	All year	https://programs.dsireusa.org/system/program/mn
